Course Tidbits by Sam Gault

It is Wednesday afternoon, Ron quickly exits his car, grabs his clubs and runs to the 1st tee. He addresses his ball, swings the club and hits a ball down the middle. Laughter erupts, Ron turns obviously confused. We point out his shoes. He notices a different shoe on each foot. Oops!

Fourth of July, we are cooking chicken at the park in St. Peter. Out of the east we hear a loud female scream! We turn and see nothing. The following day we discover Mrs. Fitch got

a hole-in-one on the 3rd hole. Congratulations! See more on this story on page 2.

Gnat type bug issues on the course? My group has tried Bounce, vanilla, high concentrations of DEET and Absorbine Jr. Vanilla and Absorbine Jr (smells awful) work pretty well for 8-9 holes. Mears claims a spray called Cupcake Vanilla is the cats meow. "Smells just like Grandma's kitchen AND keeps the bugs away" is his claim. For those of you with hair, ask Pat Mears about it and give it a try.

Club House Cantor by Mike Greve, GM/Professional

Throughout this season I have had fun meeting new people and learning all the ins and outs of Shoreland.

We had a successful Junior Program with 47 participants. They learned everything from proper grip, set-up, posture and golf etiquette.

So far the weather has held out for the tournaments we have hosted. Shoreland has brought in a couple new tournaments and brought back several from last year.

I hope to see you at the course during the next couple months!

The Dirt by Chris Fossen, Golf Course Superintendent

Well it's now mid-season and I hope all is well for you and your family. It's been another interesting season at Shoreland CC. As I would expect nothing less! Between the rain, wind storms and heat waves, we have had our hands full.

I would like to thank a few people for there volunteer

help... Roger Leonard, for his work on the MGA markers and the yardage markers. Milt Toratti for his help picking up sticks and branches throughout the course. Denny Z. for all his work on the Clubhouse and Pro shop. The Ladies group for planting flowers - I think it looks very nice.

With a month until the big

Labor Day Tournament, we will be focusing on a few detail jobs around the course. For example, edging bunkers, weeding flower beds and spraying just to name a few.

RibFest 2011

This year's RibFest was spectacular. Great food and good company all around. The aroma's of fantastic barbeque filled the air bringing around 120 people to the event. A BIG thanks to all of our grill masters... Mike Kmett, Greg Seitzer, Mike Mayo and Cheryl Fleck. Our own Mike Greve said... "They all did great, I'm calling it a tie for the best ribs!"
